EXPLORE @ YOUR LIBRARY

## "A Universe of Stories"

This year's Summer Reading theme, A Universe of Stories, encourages readers to move out of their comfort zones and explore new ideas, genres, authors and formats. There is a universe of ideas out there waiting to be discovered. Make it your summer mission to explore the PALS Plus library consortium by participating in the PALS Plus 2019 Summer Reading Expedition: A Universe of Stories. PALS Plus, the library consortium of Passaic and select Essex County township libraries, invites everyone to visit their local library and pick up a copy of PALS Plus 2019 Summer Reading Expedition: A Universe of Stories official bookmark. Your assignment: complete at least 5 of the 10 tasks listed on the back of each bookmark for a chance to be entered into a drawing for a Visa Gift Card. Show your completed bookmark at any PALS Plus library by September 9, 2019 in order to be eligible. PALS Plus offers users a galaxy of material to explore. Together, we share our books and materials, as well as our digital collections, which feature eBooks, audiobooks, movies, music, digital magazines, and more. For additional information contact your local library.

## **Summer Music Series #2**

### **Nina & Michael**

**Wednesday, July 17, 6:30PM**

Song Selection is a priority focus for Nina Peterson and Michael Baldino, an acoustic duo who perform covers of songs that span genres and decades. Every song is chosen with the audience in mind – can the audience sing along, can Nina turn the song in a fun trivia question, or can Michael surprise the audience with an acoustic version of a hit – like a song from the 1970's smash "Grease" or a 1980's mega-hit that one wouldn't typically hear on acoustic guitars? It's a performance that is fun, it's interactive, and it's unexpected. Nina and Michael, who have been performing together since 2013, also feature luscious harmonies with an uncommonly tight vocal blend that transfixes listeners. Their voices lock together in the way that the best vocal harmonies blend. In addition to stellar vocals, both musicians are accomplished guitarists, and they trade lead and rhythm roles with ease.
